Alexis, I am only the messenger on this as I was just sharing the update from Fede. So I would defer to her to clarify those details.

In fact, I am copying Fede here so that she can respond to your questions.

Best,
Anna

Thanks!

It looks as though the start time and end time for this event have also changed. Is this correct, Anna? If so, will pass on the participants, though they will also be on-site beforehand for the lunch. Are there any other changes, other than the MOU signing, that you caught that I should make them aware of?

Anthony, thanks for your patience. Attached is the updated version of the memo for you to review.

ESTH folks: I just updated the Segré bio to reflect that he is also the President of FICO Foundation (one of the four entities that will be signing the MOU tomorrow at the food waste event), and noted throughout that FICO is being built on the grounds of CAAB (to explain CAAB's role in the event).

Eataly is very excited on their website about the signing. See below:

Thanks -
